

**KELER Depository Announcement -
No. 9-11
Cut-off times**

Effective from: 1 April 2021

(All cut-offs are specified in Central European Time zone - C.E.T.)

The acceptance and withdrawal of the orders are governed by Chapter 5 - on account management activities by KELER relating to settlement services - of KELER Ltd.'s General Business Rules, provided that in the case of the opening of proceedings to restrict payment the special rules for accepting and withdrawing the transfer orders in the settlement system are included in Chapter 10 of KELER Ltd.'s General Business Rules and its Depository Announcement No. 9-02 on Settlement Finality in Payment and Securities Settlement Systems. Furthermore, the general requirements relating to the disposal over the account are available in Section 2.5 of the General Business Rules.

1. General rules for accepting orders

According to Section 2.5 of the General Business Rules, KELER accepts any order exclusively from the Account Holder unless explicitly set out otherwise in law or regulatory decisions or in the Account Holder's specific authorisation.

KELER will accept any order from the Account Holder only if signed by a person registered on the signature card, or it accepts the same from a person authorised by the Account Holder to use the electronic client relationship system.

The Account Holder can give orders to KELER as follows:

- a) in the electronic client relationship system
 - in the KID system,
 - in a SWIFT message sent in compliance with the KELER SWIFT Rule Book,
 - investment fund unit related orders in the WARP system;
- b) on a form used for this purpose (a form or a summary document including every necessary data indicated on the form)
 - personally,
 - via email in the form of signed electronic documents.

KELER enables the use of encrypted email channels. In the case of orders sent via email, it is recommended to send the files to KELER protected with passwords and in ZIP format. In this case, the password may be provided through the phone number of the Account Management Department: +36 30 822 5465.

The Client submitting the order shall be responsible for the confidentiality of the orders sent via email as well as for the damage resulting from the lack thereof.

KELER will check the right of signature and accept only orders for transactions with the pre-notified, authentic signature, or in case of orders sent in the electronic client relationship system only instructions with electronic signature.

In case of any change to the rights of representation advised KELER considers the representative and his/her signature registered effective as long as the new signature card being in compliance with the change is put into effect.

If an instruction by the Account Holder is signed by a person not authorised to sign or the signature deviates from the specimen registered, KELER rejects the instruction and provides the reason of rejection, with simultaneous advice to the submitting party thereof.

2. Acceptance and withdrawal of orders

2.1. Acceptance of orders

KELER shows the time of receipt by KELER on orders received as printed documents.

KELER considers both the electronic and the printed document order for the value date concerned accepted (either submitted on the same day or with value dating or recycled from earlier) on the day if the order

- is successfully received within the cut-off time stated in this Depository Announcement,
- is submitted in a determined manner and with a specified content and thus it is received by KELER (i.e. the order is not rejected for reasons of logic, format or content), and
- the related verification of cover was successful before the end of the settlement day.

2.2. Withdrawal of orders

The Participant is entitled to request cancellation of the settlement orders sent to and received by KELER, in compliance with the rules on matching the transactions and the rules on specific transactions, as long as the orders in the queue are not fulfilled. The Account Holder can withdraw these orders electronically or in a letter containing the instruction thereto.

The received letter instructing the withdrawal will be expressly marked as such and shall contain clear reference to the order to be withdrawn.

If the withdrawal that is the subject of the letter received can be executed, KELER cancels the withdrawn order from among the items pending settlement (to be posted). The party submitting the order is informed thereon in the daily statement. If the electronically received withdrawal is successful, the withdrawn order is automatically deleted in the settlement systems. The successful or unsuccessful withdrawal is confirmed to the party submitting the order in the same electronic client relationship system that was used to submit the order.

KELER will perform the withdrawal only if the order is not yet settled and, if it is not an internal transaction to KELER, if the outsourced account manager accepts the instruction for cancellation, cancels the order and confirms it to KELER.

3. Cut-off times to receive, execute and cancel orders

The KID system is available from 6:30 to 22:00 on business days.

The WARP system is available from 7:00 to 22:00 on business days.

Customer service is available from 9:00 to 15.00 on business days.

Processing of electronically submitted orders starts at 7:00 and processing of paper-based orders starts at 9:00.

On Saturday working days:

- Foreign currency initiating, pre-advice, and cross-border transactions are only possible in advance.
- The foreign currency conversion service is suspended on Saturday working days.
- On Saturday working days KELER Zrt. does not service securities delivery.
- On the Saturday working days BSE, BÉTa, MTS Hungary and HUPX settlement are suspended, gas market settlement takes place in the normal settlement day order.
- DVP settlement in T2S currencies¹ are not possible.

Information about HUF transfer received in Instant Payment System (KELER Ltd. as Receiver Member):

- KELER Ltd receives HUF transfer in Instant Payment System on normal business days between 7:00 and 18:00, on Saturday working days between 7:00 and 15:00.
- HUF transfers received in Instant Payment System out of normal KELER opening business period will be credited after start of next business day, in the order of arrival.
- It is not possible to initiate HUF transfers via Instant Payment System.
- In the case of HUF Instant Payment System transfers received to cash account kept in other currencies than HUF KELER applies the following processes:
 - If the beneficiary cash account kept in currencies of EEA member state the HUF amount of transfers will be converted and credited at the exchange rate for Instant Payment System published on KELER Ltd official website,
 - If the beneficiary cash account kept in currencies of non-EEA member state the transfers will be rejected.

¹ T2S currencies: EUR, DKK.

TRY	T+0 15:00	---	---
Any other foreign exchange	Individually, based on consultation with KELER Treasury Department		

KELER Ltd. determines HUF 20,000,000,- limit in Forint for FX deals that are automatically posted if there is sufficient cover.

If the limit is exceeded, KELER Treasury is to be contacted and the deal made will be posted by Treasury Back Office (conversion cannot be submitted in KID).

Similarly to the practice to date, in the case of conversion above the limit Treasury can deviate from the published rates in order to offer a more favorable rate, that is to say a special rate. Please contact KELER Treasury directly if you request special rates.

This is to remind our Clients that special rates can be offered only if KELER Treasury is contacted directly; orders submitted in KID are executed automatically at the published rate.

The cut-off time to submit the special rate request is as follows:

- in the case of same day conversion - 11:30 hrs. on T
- In the case of conversion on T+1 and T+2 settlement day - 15:00 hrs. on T

Conversion between foreign currencies:

- cut-off to submit instructions: 11:30 hrs. on T
- settlement day: T+2 day
