GENERAL PROVISIONS

1. Principles

KELER Central Depository Ltd. (hereinafter: KELER) publishes in this Fee Schedule the fees payable for the services offered, the available preferences and the terms of preferences, and the provisions on fee payment and invoicing.

KELER applies the following pricing principles related to the core services¹ offered; deviation from these principles is not possible:

- The fees of services cover the actual costs of services and support the internal operation of KELER, and allow the development of existing and new services in order to ensure that KELER operates as a reliable, client-focused infrastructure that adjusts flexibly to the changes in the environment.
- The fees are in line with the prevailing regulatory environment.
- In addition to ensuring prudent and regulated operation, KELER makes efforts to meet the profitability expectations of shareholders on an ongoing basis.
- KELER forms services in cooperation with Clients, in line with their needs, and gives Clients the right to give their views on the applicable fees.
- It applies a transparent system of preferences, promoting the enforcement of business and market requirements.
- The Board of Directors is competent to approve the Fee Schedule. The Management of KELER makes a proposal to the Board of Directors to change fees due to the launch of a new service or based on periodic reviews related to existing services.
- When the prices of new services are determined, KELER takes into account, if possible, the publicly known price level in competitive markets and the international markets.
- KELER does not offer rebates.

KELER can offer fee preferences to Clients from the fees of core services offered, based on the absolute volume of the service(s) used and transactions, in the form of discounts. The related details are stated in the relevant chapters.

For the services not itemized in the Fee Schedule, KELER may establish individual fees by considering the aforesaid principles, according to Section 9 of Chapter V of this Regulation (Supporting individual requests, fees related to information and data supply).

If an intermediary (e.g. sub custodian, nostro account manager) is used related to a service offered by KELER to a Client, KELER automatically transfers to the Client the additional costs invoiced to KELER by the intermediary in addition to the cost of the transaction (e.g. registration cost, stamp duty, tax abroad, fee of uncovered or cancelled orders, credits received without advice, items requiring special treatment, etc.).

¹ Fees related to core services pursuant to the annex of Regulation (EU) 909/2014 of the European Parliament and of the Council (CSDR):

- I. 3.,
- II.,
- III. 1., 2., 3.,
- VI. 3., 4., 6., 8., 9., 10., 11., 12., 13., 14., 15., 16., 17., 18., 19., 20., 21., 22., 23., 24., 25.

2. General rules

Payment of fees is in arrears, based on the invoice issued by KELER until the 7th business day following the subject month, on the services performed pursuant to the order of the Client, until the payment deadline stated in the invoice.

The invoice contains all the services provided by KELER in the subject month with the exception of cases stipulated in this section. Invoices are issued and handled in accordance with the rules of periodic settlement. Unless otherwise agreed with the customer KELER issues an electronic invoice on payable fees to the customer. KELER sends the electronic invoice with increased security signatures to the customer in e-mail.

Except for the Issuer, in the case of a Client with an own payment account to keep the financial assets of the Account Holder, simultaneously with sending the invoice, based on authorization by the Client, KELER shall charge the amount of fees payable to KELER to the account of the Account Holder. In the case of a Client without any payment account, fee payment is to be made by transfer; payment deadline is the 10th business day from the date the invoice is issued.

In the case of passing costs to the Client determined by the foreign service providers (e.g. trade repository, sub-custodians, outsourced account managers) in foreign currencies, unless contrary agreement is made, KELER will issue the invoice in Forint based on the MNB foreign exchange rate valid on the day the invoice is issued.

This paragraph shall not apply to the fees specified in Chapter VIII (fees of LEI Code application).

The Client has the possibility to request and pay the invoice in foreign currency for fees stated in Forint in this Fee Schedule. The Client is eligible for this service if it concludes with KELER the agreement to this effect until the 15th day of the subject month.

For conversion KELER CCP uses the MNB foreign exchange rate valid on the date of invoice issuance.

The service fees listed in this Fee Schedule are exempt from VAT, except for the fees where VAT is shown separately.

When determining fees one basis point (bp) equals one hundredth of one percentage point (1 bp = 0.01%).

If an order cannot be processed or a service cannot be provided as stated in the General Business Rules and as determined by the Client owing to circumstances within the control of KELER, when the applicable fee elements are charged KELER will act as if the order was processed or the service provided as usual (for example: if a document in the DEMAT process cannot be submitted electronically due to the disruption of the DEMAT system and the document is submitted in hard copy, KELER waives the higher fee applicable to communication on paper.)

3. Fee Payment Deviating from the General Rule

For the services specified in Points 1 and 8-25 of Chapter VI the Issuer has to pay the fee of services provided by KELER by the date of performance (in advance). KELER issues an advance invoice on fees paid in advance if the payer of the fee and the service can be clearly identified; having regard to the advance invoice KELER issues the final invoice to the Client after the service is provided, in line with the fees valid at the time the service is provided. The fee of services made use of through eSIN and eDEMAT systems is payable with bank card, based on the invoice details stated at the online interface KELER issues the invoice to the Client.

The Issuer pays the fees of the services specified in Points 3-7 of Chapter VI. based on the invoice issued until the 10th business day after the service is provided by KELER.

The Client pays the fees of the services specified in Points 1-7. of Chapter X based on the invoice issued until the 5th business day after the service is provided by KELER, provided no advance payment was made due to the use of other related services.

With respect to the implementation of corporate actions of securities KELER shall be entitled to agree with the Issuer on a lump-sum (individual) fee for the entire service portfolio that differs from the fees detailed in this Fee Schedule.

KELER shall determine the fees to be charged for services not specified in this Schedule on a case-by-case basis.

KELER has concluded and may conclude agreements with certain organizations whereby such organizations assume custody fees, account management fees and other fees to be charged by KELER. In case of securities issued by these organizations in accordance with the provisions of the agreement KELER shall not charge any fees to users of the service. The list of securities concerned will be published by KELER on the website www.kozzetetelek.hu when any change is made to the list.

If for the securities accounts of KELER kept with foreign and/or international custodians KELER provides services in respect of new markets or the custodians announce a new service; KELER shall inform Clients of the new service and determines the applicable fees. KELER's Board of Directors shall approve fees determined at the next meeting.

If during the registration procedure related to the termination of the Issuer, in addition to the instruction to cancel the securities series evidence is produced as to the insolvency of the Company, following final cancellation of the Company from the company registry KELER cancels the dematerialized securities series issued by the Company concerned from the accounts free of charge.

4. Default Interest

In case of any delay in payment of the fees specified in this Fee Schedule and of any receivables of KELER under any title pursuant to the General Business Rules, KELER will charge a default interest. The rate of default interest is the Magyar Nemzeti Bank (MNB) base rate - in the event of monetary debts in a foreign currency, the base rate specified by the issuer central bank for the given currency, or, failing that, the money market rate - in effect on the first day of the half calendar year in default, increased by 8 percentage points. When calculating the interest, the Magyar Nemzeti Bank (MNB) base rate in effect on the first day of the half calendar year in default shall be applied for the entire duration of the given half calendar year.

I. Account opening, account maintenance, securities custody and administration fees

Account opening

	Account opening	Fee	GBR	Code
1.	Securities account Cash account opening Foreign currency account	Free of charge	2.3.1.1. 2.3.1.1. 2.3.1.2.	
1.1	Individual securities account	HUF 200 000	4.1.12.	951110
2.	Fee of first credit of securities	HUF 500/ISIN/Sub-account	2.3.1.1.2.	10
Note:	Fees indicated in Point 2 will be charged upon crediting a security (ISIN) to a sub-account for the first time. Fees shall not apply for stock exchange settlement sub-accounts (marked S00000 and M00000). If the full quantity of the securities (ISIN) kept in the subaccount concerned is debited to the subaccount and later it is credited to the same subaccount in the same or different quantities, the fee stated in Point 2. is charged again.			

Account maintenance

	Account maintenance	Fee	GBR	Code
3.	Central securities account maintenance	HUF 10 000/main account/month	5.3.	A9
4.	Cash account maintenance	HUF 10 000/Account Holder/month	5.5.	74
5.	Foreign exchange account maintenance	HUF 10 000/Account Holder/month	5.6.	N25
Note:	The service stated in Point 3. is free of charge until the time of use of the service, i.e. the fee is charged after the first credit to the account.			

Securities custody and administration

The following formula is used for fee calculation:

$$\text{Payable monthly fee} = \frac{\text{average daily portfolio value in the subject month} * \text{days in the subject month}}{365} * \text{applicable fee (according to range)}$$

The fees related to the certain ranges can be found in Point 6. and 7., where KELER applies a progressive tiered fee calculation.

Note:

For the portfolio-based fee calculation and the classification according to the appropriate range, in the given month, when establishing the average daily portfolio value, KELER uses, according to type of securities, the following market rates, market values and principles provided that if KELER is unable to establish the market rate for any securities based on the resources it uses, the nominal value of the securities will be taken into account in each case:

- For Hungarian shares (ISIN starting with HU) and compensation notes if they have been listed on any trading venue of the Budapest Stock Exchange (BSE), the last available market rate thereof (BSE closing price), or, in the absence of that, as well as in the case of shares not listed on BSE, the nominal value of the shares at issue,
- For Hungarian investment units (HU ISIN) the net asset value per unit as published by BAMOSZ, or, in the absence of that, the nominal value of the investment unit at issue,
- For Hungarian debt securities the nominal value at issue thereof,
- For foreign securities, the market value determined by KELER's (foreign) institution keeping the account or KELER's data supplier, or, in the absence of that, the nominal value of the foreign securities.

KELER shall establish the HUF equivalent of the foreign exchange market rate or the nominal value at issue using the closing rate of the MNB foreign exchange rate in effect on the last business day of the given month.

When charging fees based on portfolio value ranges, KELER always applies the fee(s) of the relevant range(s), based on the average daily portfolio value.

7.2.	Paper-based order	additional HUF 50 000 / request		9516210201

Note:

KELER charges the fee of performance of shareholder identification if the issuer commissions KELER with collecting the responses. The response by KELER to shareholder identification requests not performed by KELER as well as the forwarding of the requests are free of charge.

The fee indicated in 7.1. will be charged for the requests submitted in the KELER CAPS system.

In the case of paper-based orders, in addition to the fee indicated in 7.1., the extra fee indicated in 7.2. will be charged.

For the calculation of the fee of shareholder identification and the classification according to the appropriate range KELER uses the total market value of the securities concerned (the issued total number multiplied by the closing market price in effect on the day of submitting the request).

The basis of determining the closing market price shall be as follows:

- For Hungarian securities (HU ISIN) listed on the Budapest Stock Exchange (BSE), the BSE closing price for the entire portfolio,
- For securities listed exclusively on foreign stock exchange, the closing price of the foreign stock exchange, if available to KELER,
- if the above closing market price is not available for the securities in the request then the nominal value.

KELER shall establish the HUF equivalent of the foreign exchange market rate of the securities or the nominal value expressed in a foreign currency using the closing exchange rate of MNB in effect on the last business day of the subject month, or, in the absence of that, using the cross rate of the foreign exchange concerned against EUR as published by Reuters.

The result of the shareholder identification will be available to the issuers in the KELER CAPS system.

Example - Calculation of the fee of shareholder identification

In a shareholder identification request submitted to KELER by an issuer, KELER is specified as the nominee of the issuer. The request is submitted to KELER on 24 September 2020 for shares listed on BSE.

Total number of issued securities	91,000,000 pcs
Closing price of the stock exchange (BSE, on 24 September 2020)	HUF 7,500

Total market value of the relevant shares
(Total number of issued shares x Closing price of the stock exchange): HUF 682,500,000,000

Fee of performance of shareholder identification: HUF 300,000

1.1	General membership fee	HUF 100 000+ VAT/month	8.6.	951719
1.2	Individual membership fee	HUF 50 000+ VAT/month	8.6.	951719
1.3	Indirect membership fee	HUF 12 500+ VAT/month	8.6.	951719
<p>Note:</p> <p>The general membership fee indicated in Section 1.1 is charged to clients that send reports to KELER both on their own behalf and on behalf of the other party to the trade.</p> <p>The individual membership fee indicated in Section 1.2 is charged to clients that send reports to KELER on their own behalf only.</p> <p>The indirect membership fee indicated in Section 1.3 is charged to clients that do not send reports to KELER but wish to monitor what trades are reported on their behalf (have query rights only).</p>				

In addition to the above listed fees, related to the data supply activity undertaken, KELER charges fees identical to the fees charged by the trade repository to KELER and stated publicly at the website of the trade repository (see: <http://www.regis-tr.com/regis-tr/key-documents/fee-schedules>).

The fees of the trade repository selected by KELER related to reporting (the valid fees of Regis-TR at the time of the effective date of this Fee Schedule) are listed as follows.

Reporting fee:

- The reporting fee is charged for all trades (Unique Trade Identifier - UTI) reported, by trade (by UTI). If both counterparties are included in the trade, the reporting fee is charged twice.
- The reporting fee is charged only when the trade is reported for the first time (new trade or backloading), for all other cases (in the case of various corporate actions, trade modification, cancellation or 'collateral and valuation update' reports) this fee is not charged.
- No reporting fee is charged for trades reported mistakenly and cancelled within the day.

Maintenance fee:

- The maintenance fee is charged for all trades reported and still open, until the maturity or the cancellation of the trades.
- The maintenance fee is calculated at the end of each month, for the trades open during the month. (Regarding the fee there is no difference whether the trade is open during the entire month or during two weeks only).
- No maintenance fee is charged for trades cancelled within the day.
