AGC: 7d  
What are the roles and responsibilities of the CSD's board of directors (or equivalent), and are they clearly specified? Please provide details of the structure and composition of your Board together with their industry experience and responsibilities in governing the CSD. What are the qualifications to become a board member?

The Board has seven members - two of them are appointed by Central Bank of Hungary, two of them are appointed by Budapest Stock Exchange and two of them are inner members. The seventh member is independent. The roles are specified in our Articles of Association, in chapter 10.5. The qualifications needed are set in the Act CCXXXVII of 2013 on Credit Institutions and Financial Enterprises, and are the following: The persons described in the following may not be appointed as a senior executive of a financial institution or mixed financial holding company: a) any person who has (or had) a qualifying holding in or who is (or has been) the senior executive of such a financial institution: aa) in the case of which insolvency can only be avoided by exceptional measures taken by the Authority, or ab) \* which was liquidated due to its activity license being revoked, and whose personal responsibility for the development of this situation has been established by final or definitive resolution; b) \* any person who has seriously or systematically violated the provisions of this Act or another legislation pertaining to banking or the management of financial institutions and such has been determined by the Authority, another authority by definitive decision or a court by final ruling dated within the previous five years; c) any person who has a criminal record; d) any person who is not of good business reputation. (5) In addition to what is contained in Subsection (4), with the exception of supervisory board members, the person designated to be a senior executive of a credit institution shall satisfy the following criteria: a) have at least three years of experience in banking or business management, or in financial or economic management in the public sector; b) shall not act as auditor for another financial institution; c) shall not hold another office or position which may hinder performance of his professional duties.

AGC: 7e  
What are the election procedures?

Board members are elected at the General Meeting, the election is subject to approval by the supervisory authority, the Central Bank of Hungary, according to the Hungarian banking regulations. The Board elects its chairman - the seventh member - from among its members.

AGC: 7f  
What is the maximum length of time a board member can serve?

Members are elected until the General Meeting held on the 3rd year following the election of a member, but the latest until the 31st of May of that year. Re-election is possible without limitation.

AGC: 7g  
How are the voting powers distributed amongst the board members (i.e. does each board member have one vote or do certain members have additional voting power)?

Each board member has one vote. In case of vote-equality, the vote of the chairman would be decisive.

AGC: 7h  
What are the procedures established to review the performance of the board as a whole and the performance of the individual board members? Who is responsible for regulating the board members?

Certain legislation, the company General Meeting, and the supervisory authority, the Central Bank of Hungary are all in a sense responsible for regulating and reviewing Board members. For the purpose of supervision of the Board the General Meeting elects the Supervisory Board.

AGC: 8  
 Rule 17f-7 requires that an Eligible Securities Depository regulated by a foreign financial regulatory authority as defined under section 2(a)(50) of the Act, with section 2(a)(50) establishing that z 'foreign financial regulatory authority' means any (A) foreign securities authority, (B) other governmental body or foreign equivalent of a self-regulatory organization empowered by a foreign government to administer or enforce its laws relating to the regulation of fiduciaries, trusts, commercial lending, insurance, trading in contracts of sale of a commodity for future delivery, or other instruments traded on or subject to the rules of a contract market, board of trade or foreign equivalent, or other financial activities, or (C) membership organization a function of which is to regulate the participation of its members in activities listed above." The Committee on Payment and Settlement Systems of the Bank for International Settlements (BIS) has identified three common structural approaches or models for linking delivery and payment in a securities settlement system. Please indicate which model your procedures most closely resemble.

- Not applicable
- Model3
- Model2
- Model1
- OTHER:

AGC: 48a

Please briefly describe your settlement process, including how do your settlement procedures vary from the model chosen above?

No difference from standard models. Note: Model 1 for off-exchange (OTC) settlements, Model 3 for CCP-cleared on-exchange cash market settlements. In case of OTC settlements CSD participants' instructions require matching and settlement occurs on a gross basis, on a trade by trade basis. The delivery of the securities requires the successful transfer of funds from buyer to the seller which triggers the immediate and irrevocable transfer of the securities. (DVP principle). In case of the CCP-cleared on-exchange trades the netted delivery and receipt settlement instructions (per ISIN) are sent by KELEER CCP to KELEER CSD in an already matched status. The delivery instructions should be settled first (from the participants accounts to KELEER CCP) and the daily net countervalue of all trades will be debited in one sum from the clients' accounts to credit the CCP. Once the netted amounts are successfully debited KELEER CCP initiates the net credit funds transfer in favour of the participants. (All security receipts per ISIN and all amounts due.)
