GENERAL PROVISIONS

1. Principles

KELER Central Depository Ltd. (hereinafter: KELER) publishes in this Fee Schedule the fees payable for the services offered, the available discounts and the terms of discounts, and the provisions on fee payment and invoicing.

KELER applies the following pricing principles related to the core services¹ offered; deviation from these principles is not possible:

- The fees of services cover the actual costs of services and support the internal operation of KELER, and allow the development of existing and new services in order to ensure that KELER operates as a reliable, client-focused infrastructure that adjusts flexibly to the changes in the environment.
- The fees are in line with the prevailing regulatory environment.
- In addition to ensuring prudent and regulated operation, KELER makes efforts to meet the profitability expectations of shareholders on an ongoing basis.
- KELER forms services in cooperation with Clients, in line with their needs, and gives Clients the right to give their views on the applicable fees.
- KELER applies a transparent system of discounts, promoting the enforcement of business and market requirements.
- The Board of Directors is competent to approve the Fee Schedule. The Management of KELER makes a proposal to the Board of Directors to change fees due to the launch of a new service or based on periodic reviews related to existing services.
- When the prices of new services are determined, KELER takes into account, if possible, the publicly known price level in competitive markets and the international markets.
- KELER does not offer rebates.
- KELER may charge a reasonable trading fee to trading venues, issuers and CCPs.

KELER can offer fee discounts to Clients from the fees of core services offered, based on the absolute volume of the service(s) used and transactions, in the form of discounts. The related details are stated in the relevant chapters.

In the case of non-banking type and banking type ancillary services, KELER may in some cases deviate from the pricing and pricing principles applied in the case of core services.

For the services not itemized in the Fee Schedule, KELER may establish individual according to Section 8 of Chapter VIII of this Regulation (Fees related to supporting individual requests, information and data supply).

If an intermediary (e.g. subcustodian, nostro account manager) is used related to a service offered by KELER to a Client, KELER automatically transfers to the Client the additional costs invoiced to KELER by the intermediary in addition to the cost of the transaction (e.g. registration cost, stamp duty, tax abroad, fee of uncovered or cancelled orders, credits received without advice, items requiring special treatment, reports, fee of statements, etc.).

¹ Fees related to core services pursuant to the annex of Regulation (EU) 909/2014 of the European Parliament and of the Council (CSDR):

- I. 1., 2., 3., 12.
- II. 1., 2., 3., 4., 6., 11.
- III. 3., 4., 8., 9., 10., 11., 12., 13., 14., 15., 16., 17., 18., 19., 20., 21., 22., 23., 24.

2. General rules

Based on the services performed pursuant to the order of the Client in invoice is issued by KELER until the 8th business day following the subject month. Payment of fees is due until the payment deadline stated in the invoice (15th day following the subject month) . The invoice contains all the services provided by KELER in the subject month with the exception of cases stipulated in this section. Invoices are issued and handled in accordance with the rules of periodic settlement. Based on the declaration of the Client on the business form "Basic information of the contracting party" KELER issues an electronic or paper based invoice on payable fees to the customer in compliance with the effective laws and regulations.

Unless otherwise agreed in the case of a Client with an own cash account in KELER to keep the financial assets of the Account Holder, simultaneously with sending the invoice, based on authorization by the Client, KELER shall charge the amount of fees payable to KELER to the account of the Account Holder. KELER debits fees payable on the first business day following the subject month.

In the case of a Client without any cash account held by KELER or National Bank of Hungary (hereinafter: MNB), respectively in case of Clients with cash account by KELER however the payment method cash transfer was chosen by the Client, fee payment is to be made by cash transfer; payment deadline is the 15th business day following the subject month (in case of non-working day the following business day).

In the case of passing costs to the Client determined by the foreign service providers (e.g. sub-custodians, outsourced account managers) in foreign currencies, unless contrary agreement is made, KELER will issue the invoice in Hungarian Forint based on the MNB foreign exchange rate valid on the day the invoice is issued.

The Client has the possibility to request and pay the invoice in foreign currency (EUR) for fees stated in Hungarian Forint in this Fee Schedule. The Client is eligible for this service if it concludes with KELER the agreement to this effect until the 15th day of the subject month with filling out the business form "Basic information of the contracting party". For conversion KELER uses the MNB foreign exchange rate valid on the date of invoice issuance. This paragraph shall not apply to the fees paid in advance (by the date of performance).

The service fees listed in this Fee Schedule are exempt from VAT, except for the fees where VAT is shown separately.

When determining fees one basis point (bp) equals one hundredth of one percentage point (1 bp = 0.01%).

If an order cannot be processed or a service cannot be provided as stated in the General Business Rules and as determined by the Client owing to circumstances within the control of KELER, when the applicable fee elements are charged KELER will act as if the order was processed or the service provided as usual (for example: if a document in the eDEMAT process cannot be submitted electronically due to the disruption of the eDEMAT system and the document is submitted in hard copy, KELER waives the higher fee applicable to communication on paper.)

In case of termination of the securities account, the fee is calculated and invoiced after the first working day of the month following the last active month, and the actual inactivation (closure) of the securities account takes place after that.

3. Fee Payment Deviating from the General Rule

For the services specified in Points 1 and 8-13, 17-21, and 23-25. of Chapter III (ISIN, DEMAT) the Issuer has to pay the fee of services provided by KELER by the date of performance (in advance). KELER issues an advance invoice according to the Act CXXVII. of 2007 on fees paid in advance if the payer of the fee and the service can be clearly identified; having regard to the advance invoice KELER issues the final invoice to the Client after the service is provided, in line with the fees valid at the time the service is provided. The fee of services used through eISIN and eDEMAT system is payable with bank card, based on the invoice details stated at the online interface KELER issues the invoice to the Client.

Törölt: 21

Törölt: e

The Issuer pays the fees of the services specified in Points 3-7. and 22. of Chapter III. based on the invoice issued until the 8th day after the service is provided by KELER.

The Client pays the fees of the services specified in Points 1-7. of Chapter VI based on the invoice issued until the 8th day after the service is provided by KELER, if no advance payment was made due to the use of other related services.

With respect to the implementation of corporate actions of securities KELER shall be entitled to agree with the Issuer on a lump-sum (individual) fee for the entire service portfolio that differs from the fees detailed in this Fee Schedule.

Törölt: If the Client chooses paying the fees with bank card in case of services specified in Points 1-3. of Chapter V. (LEI code application for domestic legal entities) invoice will be issued based on the invoice details stated at the online interface of KELER.¶

Törölt: l

KELER shall determine the fees to be charged for services not specified in this Schedule on a case-by-case basis.

If for the securities accounts of KELER kept with foreign and/or international custodians KELER provides services in respect of new markets or the depositaries announce a new service; KELER shall inform Clients of the new service and determines the applicable fees.

If during the registration procedure related to the termination of the Issuer, in addition to the instruction to cancel the securities series evidence is produced as to the insolvency of the Company, following final cancellation of the Company from the company registry KELER cancels the dematerialized securities series issued by the Company concerned from the accounts free of charge.

4. Default Interest

In case of any delay in payment of the fees specified in this Fee Schedule and of any receivables of KELER under any title pursuant to the General Business Rules, furthermore of individual fee agreements, KELER may charge a default interest. The rate of default interest is the MNB base rate in effect on the first day of the half calendar year in default, increased by eight percentage points. When calculating the interest, the MNB base rate in effect on the first day of the half calendar year in default shall be applied for the entire duration of the given half calendar year. Furthermore in case of any delay KELER is entitled to charge 40 EUR – or same amount in Hungarian Forint - flat rate collection cost in payment flat rate collection cost according to the Act IX. of 2016 on flat rate collection cost. In case of conversion the MNB foreign exchange rate valid on the first day of delay will be applied.

5. Interest payment

KELER pays or charges interest to its clients in accordance with the "List of Interest Payment Conditions for Cash Account Holders" (Interest Payment Condition List) in force at any time.

I. Account opening, account maintenance, securities custody and administration fees

14.	Securities custody and administration of foreign securities	Fee	GBR	Code
14.1.	Safekeeping of low-value securities	HUF 11 250/ISIN/Account Holder	II. 4.11.	951111
<p>Note:</p> <p>Fee stated in Point 14 KELER invoices the fee to the account holder in addition to the balance-based safekeeping fee (Section I Point 12). This fee item is typically applied for DTC securities with market values lower than 1.5 USD or which are not traded on the stock exchange, or of which limited information is available. This fee is charged for the Account Holders who has a stock on the given securities in the subject month. The fee will be charged as many times as the first four character of the central securities account number differs from each other (according to the previously used terminology per main account).</p>				

Note:

The following formula is used for fee calculation:

Payable monthly fee = $\frac{\text{average daily portfolio value in the subject month} * \text{days in the subject month}}{365}$ * applicable fee (according to range)

The fees related to the certain ranges can be found in Point 11. and 12., where KELER applies a progressive tiered fee calculation.

In the case of fees charged for the custody of foreign securities referred to in point 13, KELER does not apply progressive band rate fee calculation, thus the fees listed in this Point are applied uniformly for the full portfolio.

In order to calculate the fees based on the portfolio value and to determine the banded fees, KELER applies the following market prices, market values and principles valid at the end of the month in question for each security type when determining the average daily portfolio value of securities in a given month:

- In the case of Hungarian shares admitted to trading on a trading venue of the Budapest Stock Exchange (BSE) (ISINs beginning with HU), compensation certificates and certificates, the BSE closing price (month-end market closing price) known on the last calendar day of the month in question, or, in the absence of such a price or, in the case of shares not admitted to trading on the BSE (ISINs beginning with HU), the nominal value of the security at the time of issue, In the case of Hungarian investment units admitted to trading on a trading venue of the Budapest Stock Exchange (BSE) (ISINs beginning with HU), if the instrument in question was traded on the last trading day of the month in question, the BSE closing price valid on that day, or, in the absence of such closing price, or, in the case of an investment unit not admitted to trading on the BSE, the latest net asset value per unit available from BAMOSZ on the last calendar day of the month in question, or, in the absence of such a closing price, the nominal value of the investment unit at the time of issue,
- For Hungarian and foreign debt securities the nominal value at issue thereof,
- For foreign equities, the market value valid on the end of the subject month determined by KELER's (foreign) subcustodian/nostro account manager, or, in the absence of that, the nominal value of the foreign securities.

KELER shall establish the HUF equivalent of the foreign exchange market rate or the nominal value at issue using the closing rate of the MNB foreign exchange rate in effect on the last business day of the given month.

When charging fees based on portfolio value ranges, KELER always applies the fee(s) of the relevant range(s), based on the average daily portfolio value.

8.3.	Trailer fee report fee	HUF 1 500 + VAT /ISIN/month	9.3.5.	W14

Note:
 The fee referred to in Point 8.1. is payable by the Fund Management and is due after the activation of the investment unit(s) in the WARP system (active ISIN codes may be traded in the system).
 The fees included in Point 8.2. are payable on a pro rata basis from the activation of the ISIN codes by the Fund Manager, based on the loading of the given partner roles. If a WARP partner has more than one role simultaneously, the fees shall be paid by partner role. The fees indicated above are independent from the number of the ISIN codes affected by the partner role.
 The fee indicated in Point 8.3. is payable by the Fund Manager and is charged by the Fund Manager on the basis of the ISIN codes marked in the system.
 Fees stated in Points 8.2. and 8.3. will be applied from the first day of the next fee calculation period even if the fees are changed during the fee calculation period.
 Fees are calculated based on the fees valid on the last day of the month.

IV. Trade reporting fees

Data intermediary service fees related to the reporting obligation stated in EMIR

1.	Trade reporting related to the reporting obligation stated in EMIR	Fee	GBR	Code
1.1.	General membership fee	HUF 120 000 + VAT/month	II. 5.2.	951719
1.2.	Individual membership fee	HUF 60 000 + VAT/month	II. 5.2.	951719
1.3.	Indirect membership fee	HUF 15 000 + VAT/month	II. 5.2.	951719

Note:
 The general membership fee indicated in Point 1.1. is charged to clients that report to KELER both on their own behalf and on behalf the other counterparty to the trade.
 The individual membership fee indicated in Point 1.2. is charged to clients that report to KELER on their own behalf only.
 The indirect membership fee indicated in Point 1.3. is charged to clients that do not send reports to KELER but wish to monitor what trades are reported on their behalf by a member with general membership (indirect members have query rights only).
 Fees stated in Point 1 will be charged for a full month (fee calculation period) (even if the fees were changed during the fee calculation period), the modified fees are applied from the first day of the next fee calculation period.

In addition to the above listed fees, related to the data intermediary activity undertaken, KELER charges fees identical to the fees charged by the trade repository to KELER and stated publicly at the website of the trade repository. (See.: <https://www.regis-tr.com/en/home/key-documents.html>).

The fees of the trade repository selected by KELER related to reporting (the valid fees of Regis-TR at the time of the effective date of this Fee Schedule) are listed as follows.

Reporting fee:

- The reporting fee is charged for all trades (Unique Trade Identifier - UTI) reported, by trade (by UTI). If both counterparties are included in the trade, the reporting fee is charged twice.
- The reporting fee is charged only when the trade is reported for the first time (new trade or backloading), for all other cases (in the case of various corporate actions, trade modification, cancellation or 'collateral and valuation update' reports) this fee is not charged.
- Reporting fee is charged for trades reported mistakenly and cancelled within the day as well.

Maintenance fee:

- The maintenance fee is charged for all trades reported and still open, until the maturity or the cancellation of the trades.
- The maintenance fee is calculated at the end of each month, for the trades open during the month. (Regarding the fee there is no difference whether the trade is open during the entire month or during two weeks only).
- Maintenance fee is charged for trades cancelled within the day as well.

The reporting and maintenance fees are calculated based on the transaction numbers of the previous month.

Note:
 The general membership fee indicated in Point 4.1 is charged to clients that send reports to KELER both on their own behalf and on behalf of the other party to the trade.
 The individual membership fee indicated in Point 4.2. is charged to clients that send reports to KELER on their own behalf only.
 The indirect membership fee indicated in Section 4.3. is charged to clients that do not send reports to KELER but wish to monitor what trades are reported on their behalf (have query rights only).
 Fees stated in Point 4 will be charged for a full month (fee calculation period) (even if the fees were changed during the fee calculation period), the modified fees are applied from the first day of the next fee calculation period.

In addition to the above listed fees, related to the data supply activity undertaken, KELER charges fees identical to the fees charged by the trade repository to KELER and stated publicly at the website of the trade repository (see: <https://www.regis-tr.com/en/home/key-documents.html>).

The fees of the trade repository selected by KELER related to SFTR reporting (the valid fees of Regis-TR at the time of the effective date of this Fee Schedule) are listed as follows.

Reporting fee:

- The reporting fee is charged for all trades (Unique Trade Identifier - UTI) reported, by trade (by UTI). If both counterparties are included in the trade, the reporting fee is charged twice.
- The reporting fee is charged after all lifecycle messages related to the transaction (new, backloading, modification, cancellation, update, etc.).

No reporting fee is charged for trades reported mistakenly and cancelled within the day.

The reporting and maintenance fees are calculated based on the transaction numbers of the previous month.
